Wife and Another Girl Are Rescued from Water

DAYTON — (Associated Press) — Clall Highley, 28, and his stepdaughter, Catherine Miller, 8, were drowned in the Miami river, five miles north of Dayton, last night.

Heroic action on the part of Charles Winters and another man saved Mrs. Highley, wife of the drowned man, and another daughter, Thelma Miller, 10, from the same fate.

Highley, whose body was recovered at midnight from a point a short distance down the river from where he sank, died in the effort to save his wife and stepdaughters.

The body of the little girl has not yet been recovered.

## STEP IN DEEP WATER

Mr. and Mrs. Highley and two children, and Mr. and Mrs. Winters and their two children were on a picnic. The Highley family went bathing while the Winters remained on shore.

Winters said one of the girls appeared to have stepped into deep water and a moment later the entire family was struggling in the water, 15 feet deep.

Mrs. Highley and the two girls, it was said, attempted to hold onto Highley, who made a desperate effort to pull them nearer shore. W. S. Luehman jumped into the river and rescued Thelma. In the meantime Winters succeeded in breaking Mrs. Highley's hold on her exhausted husband and brought her ashore.

Highley and the girl Catherine had been carried down stream and as Winters turned to give them assistance they disappeared under the water.

# FIRST and ONLY TIRES Built For Reduced Air Pressure

You know what it means to be able to ride on underinflated tires. It means comfortable riding—more comfortable than any shock absorbers could give. It means protection for your car against vibration and jolts of the road. It means reduced upkeep and repair bills.

It means that dangers of skidding and punctures are practically eliminated. It means that the tread will wear very much longer than an ordinary tire inflated to standard pressure.

But such great advantages are to be had only in Dayton Thorobred Cords—specially built to be run underinflated—and guaranteed VJ, JJJ miles, but average much more.

A Lima salesman, an unusually hard user of tires, endorses DAYTONS as follows:

"My Ford car is equipped with four DAYTON CORDS. To date these tires have gone over 16,000 miles.

From the appearance of the treads, they are good for several thousand more miles."—Salesman for J. M. Sealts Co., Lima, Ohio.

## KITCHEN ECONOMY FOR WOMEN

Fall Project to Eliminate Unnecessary Steps

COMMITTEES MEET SATURDAY

Farm Bureau Directors Discuss Reorganization

Elimination of unnecessary mileage about the kitchen will be one of the projects taken up by women of the county this fall, H. J. Ridge, county agent, announced Saturday.

A group of farm wives in Mahoning county recently installed pedometers to register the number of miles required to perform the average daily tasks in connection with housework and chores. They found they usually walked from 10 to 15 miles per day, but by rearranging their kitchens more conveniently this distance was cut in half.

Interesting figures as to the distance covered by the housewife are revealed by reports of the women who have been wearing pedometers. One woman walked nine miles between 5:45 a. m. and 1 p. m. Another walked a mile preparing breakfast. On wash day one walked 10 miles.

**CUT DAILY WALKS**  
Rearranged kitchens by two farmwives resulted in daily walks of only five and six miles.

Action by Allen county women will probably not include the installation of pedometers, it is stated, but rearrangement of farm kitchens to reduce the number of steps will be an important part of the projects to be undertaken this fall, Ridge said.

Committees in charge of the fall project met Saturday afternoon at the office of the county agent. Directors of the Allen county Farm Bureau assembled Saturday afternoon at the office of the county agent in regular session. Scheduled to be acted upon was the formation of a plan for reorganization of the cooperative marketing association to comply with the new marketing law.

Monday, every member of the post will assist in cleaning and redecorating the club rooms in the Harper block. Members decided to undertake the work themselves and save the post the expense.

### BABY IS STOLEN WITH AUTO

Asleep on Seat When Car Disappears from Street

Donna Jean Reed, seven-week-old daughter of Mr. and Mrs. J. C. Reed, of Toledo, former Ottawa residents, had absolutely nothing to say regarding her experiences with auto thieves as she nestled in the arms of her mother Friday. The child was asleep in the automobile owned by the parents when the car was stolen.

The baby was gone for four hours the first part of the night, Thursday, being restored to the parents at 2 a. m. Friday. The automobile was found in a lonely part of Toledo, near the Starrs car barns.

Mr. and Mrs. Reed had been visiting with Reed's sister, Mrs. Robert Baumbach, of Toledo. On their way home they stopped to call on Mrs. Reed's mother, Mrs. Frank Berne, Berry-st. The baby was asleep and the parents left the child on the rear seat of a sedan and went into the house.

Ten minutes later when the grandmother went to look for the child, both car and baby were gone. The child slept thru the trip it made with auto thieves. Police of Toledo assert that as soon as the thieves discovered the baby they got rid of their prize, fearing detection from baby's anticipated screams.

Reed is employed in the traffic department of the Sun Oil company, Toledo. The family moved to Toledo from Ottawa ten years ago.

**The Present and The Future**

YOUR MONEY SHOULD BE SO PLACED THAT IT WILL BE SAFE BOTH TODAY AND TOMORROW.

In the present period of unusual business activity and high prices in all lines, it is more necessary than ever to be careful in investing money. Five per cent interest is a liberal return where safety is absolute.

Among the financial institutions of Lima we are known as conducting a conservative business and paying five per cent on deposits. We place the additional profits into an adequate reserve, now more than \$22,000.00, as a further protection for our depositors.

We propose to continue these policies and upon the basis of safety we seek your account.

In the finest possible sort of humor, the little weather mascot found the batting average of the joy of living elevated a few notches Saturday, despite the fact that real summer heat is here and the temperature is hitting the highest point of the season.

Ted likes hot weather, in spite of the fact that he is doomed to wear a coat of fur thruout the summer. There's the prospect of a cool dip after a heated afternoon of baseball, yet know, there's compensation in that.

A bleacher seat at Murphy-st lot on Sunday afternoon suits the mascot, while the diamond grass, the weatherman is good to those who like baseball. His promise, given at this time, indicates fair weather for the morrow. And its to be continued warm.

The iceman's troubles are starting, but he doesn't mind it a bit. In fact, it's just the thing he's been hoping for. The coal man is temporarily eclipsed, but his activities are not altogether curtailed. You see, prudent citizens are laying in supplies of fuel for the next winter to come.

Decoration Day having again passed into history, patriotic citizens are now looking forward to July 4th and are hoping for seasonable weather conditions at that time. It's only a month away.

"Y" Leaders Meet  
With Maxwell

Members of the Y. M. C. A., Senior Leaders club held their regular meeting at the home of I. G. Maxwell, 562 W. Market-st., Friday night.

A feed was enjoyed by those present, after which there was a discussion of the Zaneville conference which they attended. This was a meeting of leaders from all parts of Ohio.

Those present were: Leonard Brown, Otis McBride, Howard Rehm, Neal Warren, John White, Sam Burden, Robert Fisher, W. Swartout, W. I. Shepard, Roy Armstrong, I. G. Maxwell and R. T. Veal, boys' secretary.

When playing out of a sand trap, the club head touches the sand on the upward swing. The player goes through with the swing and successfully gets out of the trap. In addressing the ball the sand was not touched with the club.

Is a player penalized a stroke when the club head touches the sand before coming into contact with the ball regardless of the circumstances, or is there a line of discrimination?

The player is penalized a stroke for touching the sand with the club head. The fact that it came on the upward swing makes no difference. The rule is very definite and no exceptions are noted. While the player was in no way aided by the act, no consideration can be given that fact. He must suffer the penalty of one stroke.

# RUEL NEAR HEILMANN IN BATTING HONORS

## Collins Is Going Good

Harold "Muddy" Ruel, catcher for the Washington Senators, is challenging Harry Heilmann, the Detroit veteran, for batting honors of the American League. Ruel gained 46 points during the week and is runner-up to the Tiger slugger with an average of .403. Heilmann suffered a slight batting slump but still tops the players who have participated in 25 or more games with a mark of .425. Dick Hechle, of the Red Sox, is third with .382.

The figures include games of last Wednesday. Eddie Collins, of the White Sox, continues to play brilliantly. From present figures it would appear that Collins is going to have one of his best years. He is leading all major league players in stolen bases with 18 thefts. Only four less than he pilfered all last season. He also is hobnobbing with the leading batters.

RUTH HITS 11. Numerous fans and critics predict that Babe Ruth will pass the veteran Philadelphia, Cy Williams, in home run hitting before Independence Day. Williams has made 13 four baggers and Ruth 11. Ruth is leading in total bases with 95, his hits besides the circuit drives including 10 doubles and four triples. Ruth also leads as a run getter with 37.

Other leading batters: Cobb, Detroit, .355; Miller, Philadelphia, .352; E. Collins, Chicago, .349; Juncoson, Cleveland, .342; S. Rice, Washington, .339; Burns, Boston, .336; Welch, Philadelphia, .336; Ruth, New York, .333; Witt, New York, .329; Williams, St. Louis, .329.

Johnny Mookan of the Phillies and Clyde Barnhart of the Pirates are making rapid strides toward the top among the batters of the National League. Bar down in the list a few days ago, they are smashing out base hits regularly. Mookan got 19 blows in his last 10 games, and Barnhart poled 10 hits in six games. Mookan's mark went from .333 to .373 and Barnhart's rose from .211 to .353.

Zack Wheat, Dodger outfielder, increased his lead among the regulars from .417 to .424. He obtained 13 hits in his last six games. His nearest rival is Charley Grimm, of the Pirates, who has .400.

FRISCH LEADS. Frankie Frisch of the Giants leads the run-getters with 38, and Sammy Bohne of Cincinnati is showing the way to the base stealers with 11.

Other leading batters: Southworth, Boston, .379; Bottomley, St. Louis, .376; Mookan, Philadelphia, .373; Hornsby, St. Louis, .370; Frisch, New York, .367; Young, New York, .367; Barnhart, Pittsburgh, .353; Williams, Philadelphia, .351; Neis, Brooklyn, .345; Plack, St. Louis, .345; Bagwell, Boston, .345.

Player's drive from the tee results in a slice that strikes a spectator standing well off the fairway. After striking one of the gallery the ball is deflected into a very bad lie. Has the player any recourse?

Such a happening is merely regarded as a break of the game. The ball must be played from the resulting lie.

Tygers Mauled  
By Indian  
Outfit

There was more color in the major league baseball games of Friday than has been splashed on the diamond for some time.

A lot of the vivacity was furnished by old John Quinn, an iron man among the veterans in the sporting world who are enjoying a prosperous year. Cast off by the New York Yankees two years ago, he performed his favorite pleasure of beating them yesterday, the seventh time out of nine attempts that he has accomplished since he was shunted away.

Quinn is around 40 years old, and has been pitching long enough to know that to win a game for the Boston Red Sox, it's advisable to shut out the opposition, so he did that and his teammates collected five runs.

He showed no fear of Babe Ruth, striking him out once, but Babe's attitude was reciprocal and he got three hits.

The result lifted the Red Sox from the cellar to sixth place, Chicago White Sox dropping into the basement from the blows of the St. Louis Browns, 8 to 5, and Washington into seventh place before the onrush of the Philadelphia Athletics who regained second place by winning twice, 7 to 4 and 4 to 2.

It was the Athletics' double victory that shoved Cleveland back into third place, the one day tenancy of that position being granted the day before by enforced idleness of Philadelphia. There was another splash of color in the Indian game, the Detroit Tigers losing 17 to 4, in spite of a triple play—Halloway, Rigney to Blue—the first in the American league this year. The defeat sent Detroit into the second division.

NEW YORK.—The combat for the featherweight boxing championship of the world late Saturday in the Polo Grounds between Johnny Kilbane of Cleveland and Eugene Criqui of Paris stands as one of the most interesting in the absorbing records of pugilism. A crowd of 60,000 was expected to see the battle.

Kilbane is witty, brainy, fast, clever; Criqui, a genuine Parisian, a soldier who bled for his country, is smart, quick, hard hitting. Both are old as ring gladiators, Kilbane confessing to 34 and Criqui to 29.

There will be a detachment of former poets who fought with Criqui when he held his place at Verdun, where he left part of his jaw with a German shell—a jaw that has been replaced with a sheep's—to escort him to the ring and cheer him on in the name of France.

Criqui's picturesque career has made him a sentimental favorite. Kilbane, who has a war record too, will have a sentimental following, but his great host will be the professional followers of boxing who have made him a top-sided favorite.

He has not fought for two years and Criqui has won his last 21 bouts by knockouts. Kilbane is the experts' choice.

## HUTCHINSON MAKES "HOLE-IN-1"—TWO GOLF MATCHES

A no-hit game is the big event in the life of every baseball pitcher.

A hole in one means about the same thing to every golfer. While the no-hit game is more difficult feat it carries no greater thrill.

You must be decidedly lucky to turn either trick.

Recently while going over the Miami (Fla.) Country Club course with Jack Hutchinson one of the players in a foursome within a few inches of holing out in one.

NEEDS LUCK

When we reached the green and discovered the ball almost on the edge of the cup I remarked to Hutchinson that aside from perfect execu-

tion it seemed to me that the player also needed more than his share of luck to hole out in one.

"You must be lucky," replied Hutchinson, "but you must be lucky in anything to meet with great success. On all short holes a player is usually swinging for the pin. Usually he is content with a good position on the green. To have the ball roll into the cup is almost asking too much but it happens quite often."

"Did you ever hole out in one?" I asked Jack.

"Yes I have been lucky enough to turn the trick twice," he replied.

"And the funny thing about it is that both times I holed out in one was on the eighth hole and on the St. Andrews links."

The ninth hole at St. Andrews is better than 300 yards. Feeling fine over his success at the eighth Jack got a long ball off the tee on the ninth. When he reached the green he discovered that his ball was within about three inches of the pin.

Then he learned the sad news. The ball had carried with unerring accuracy and after striking the green rolled leisurely for the pin. It was the opinion of the golf enthusiasts around the green that the ball would have dropped into the cup had the pin been removed. As it was it hit the pin which slightly deflected its course and caused it to stop dead within a few inches of the cup.

A streak of crimson was flashed across the canvas by the speeding Redlegs of Cincinnati, who downed the Cubs for the fourth in a row, 5 to 3, gaining one point on St. Louis. The Cardinals won their second straight from the Pittsburgh Pirates, 4 to 3, in 11 innings.

Leo Dickerman, Brooklyn recruit, was without control for his second consecutive time and the Braves knocked him out of the box, winning 11 to 6.
